

Introducing a new

Dual master's in Global Business and Artificial Intelligence

Delivered by Northeastern University London in partnership with Queen's University Belfast (Russell Group).

All teaching takes place at Northeastern University London.

- **MSc Artificial Intelligence and Business Innovation (Northeastern University London)**
- **MSc Global Business (Queen's University Belfast)**

One location. Two universities. Two master's degrees. Endless possibilities.

Future-ready. Globally focused.

- Study in central London – a global hub for business, technology and innovation
- Career-focused, experiential learning with real-world application
- Small class sizes and personalised academic support
- Access to a global employer network and international career opportunities
- Diverse international student community

Entry requirements

- A 2:2 honours degree (or international equivalent) in any subject.
- Applicants with relevant professional experience may also be considered.

Two degrees. One powerful skill set.

Build the expertise to:

- integrate AI into real-world business strategy and decision-making
- operate confidently across technical and commercial environments
- lead at the intersection of technology, ethics and global business

Stay in the UK after you graduate

Eligible international students can remain in the UK for at least 18 months under the Graduate Route, gaining valuable international work experience.
